AND EVALUATIONS:**

**SUBJECT:** Revision of Paragraph 5a, SNACC 304/6

1. The following is a restatement of the revision of Par. 5a, SNACC 304/6, dated 21 November 1947, proposed by the Navy member of the Sub-committee, to be considered in the event the Sub-committee decides that the present wording of the disputed portion of SNACC 304/6 may not be retained:

(The phrase, "Threat of war as determined by the President," as used in the foregoing conclusion, is not intended to embrace any period of juridical peace when circumstances do not warrant the employment of psychological warfare offensively in the interest of the common defense and national security.)

2. The above parenthetical statement should be inserted in SNACC 304/6 immediately following Par. 5a (3).
